

## **Coffee with Council – Public Outreach Meetings**

**April 25, 2015, 6:30 p.m.**

**Location: Tim Horton's – Agler Road**

### **Topics of Discussion**

#### **House Bill 64**

- Resident brought up HB64 – budget bill includes removal of sales tax exemption for local governments; cities and village currently provide that which we believe could be effected by the removal of the sales tax exemption; could include but may not be limited to:
  1. memberships for municipally provided recreational activities including swimming pools, parks, and golf courses;
  2. commercial and residential building an inspection fees and other permit related documents;
  3. auxiliary or special duty safety service personnel engagements;
  4. municipally-owned parking fees including parking meters.
    - Council responded that they will review the budget proposal and act accordingly.

#### **Save the Pools Committee**

- Resident on the committee announced that there are a lot of event coming up like movies, aqua day and other activities; there are 6 members on the committee.

#### **Wireless Communications Towers**

- Resident asked about towers.
  - Council responded by stating communication towers are currently being reviewed; looking at alternative ways to avoid towers in residential areas; City is working on proposed code changes; looking at new technology for communication towers.

#### **Agler/Stygler Intersection**

- Resident expressed concern about the traffic at Agler and Stygler Roads; traffic backs up on 670.
  - City is working on ways to control traffic; did have traffic study; there might be some re-development and things will change on that corner.

#### **Hamilton Road Widening**

- Resident asked about Hamilton Road widening being City funded.
  - Council explained that project is county and state funded; project will start this year.

#### **Council Updates**

- Bond sales: passed legislation and will be bidding soon; once bonds are sold, the roads, curbs and sidewalks will start getting repaired.
- Safe Routes to School Phase 2 will start soon and build new sidewalks.
