

## Income Tax Calculator

The City of Gahanna has developed an online tax calculator that allows you to understand how the income tax reform proposal will impact your take home pay. As a reminder, local income tax is paid primarily to the city in which you work. The current proposal under consideration is to change the income tax rate from 1.5% to 2.5% and increase the credit given for taxes paid to another municipality from 83.3% to 100%. [Check out the calculator here](#). In addition, a Frequently Asked Questions document about the reform proposal can be found [here](#).

## Statewide Tornado Safety Drill
