## HAMILTON RD CENTRAL ROAD WIDENING IMPROVEMENTS

This is a joint project between the City of Gahanna and Franklin County that will improve roadway capacity and reduce congestion by widening Hamilton Rd between Carpenter Rd and US-62. The widening will modify N Hamilton Rd from one lane in each direction to two lanes in each direction, with a center left turn lane. The project also includes constructing a roundabout at the Clark State intersection and at the Northeast School north driveway. In addition to the roadway widening, a 10' wide multi-use path will be constructed on the west side of Hamilton Rd and a new sidewalk will be constructed on the east side of Hamilton Rd to help improve pedestrian connectivity.

City of Gahanna: Robert Priestas, 614-342-4050, [robert.priestas@gahanna.gov](mailto:robert.priestas@gahanna.gov)  
Designer: ms Consultants  
Contractor: Shelly and Sands, Inc.

\$9,500,000.00

MORPC Federal Attributable Funds — 80% of construction costs up to a maximum amount of \$11,557,920. In addition, \$2,024,000 was granted for 80% of Right of Way acquisition. OPWC Funds— up to a maximum amount of \$2,531,000 towards construction.

Over the next several weeks, the contractor plans to begin footers for the new box culverts proposed on Hamilton Rd, as well as the necessary waterline lowerings to prepare for the planned culvert replacements and extensions.

The contractor expects to implement the second planned project roadway closure on March 28, 2016 for 10 days (weather permitting) for the replacement of the two box culverts. Please visit our website at [www.gahanna.gov](http://www.gahanna.gov) for more details.

This is an informational flyer that will be distributed periodically with project updates.
