

Gahanna Woods Nature Preserve

• SPRING SCAVENGER HUNT •

Gahanna Woods encompasses a variety of wooded and successional habitats in an urban setting. This preserve protects perhaps the best remaining complex of buttonbush swamps and vernal pools in central Ohio. It's home to many spring wildflowers and other woodland plants. All of these were recently spotted in the preserve. How many can you find?

Cut-leaved Toothwort

Water Leaf

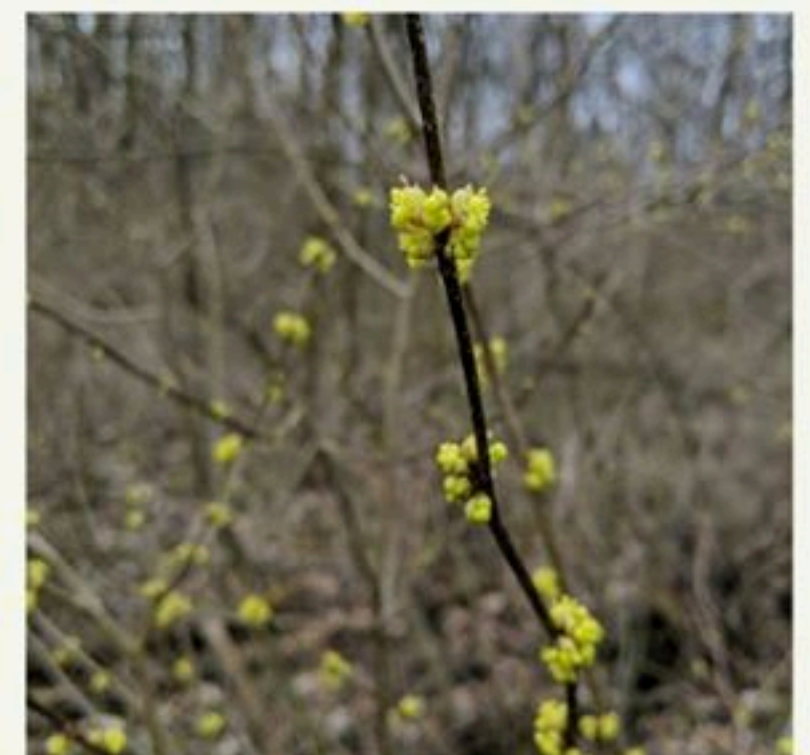

Skunk Cabbage

Ramps (Wild Onion)

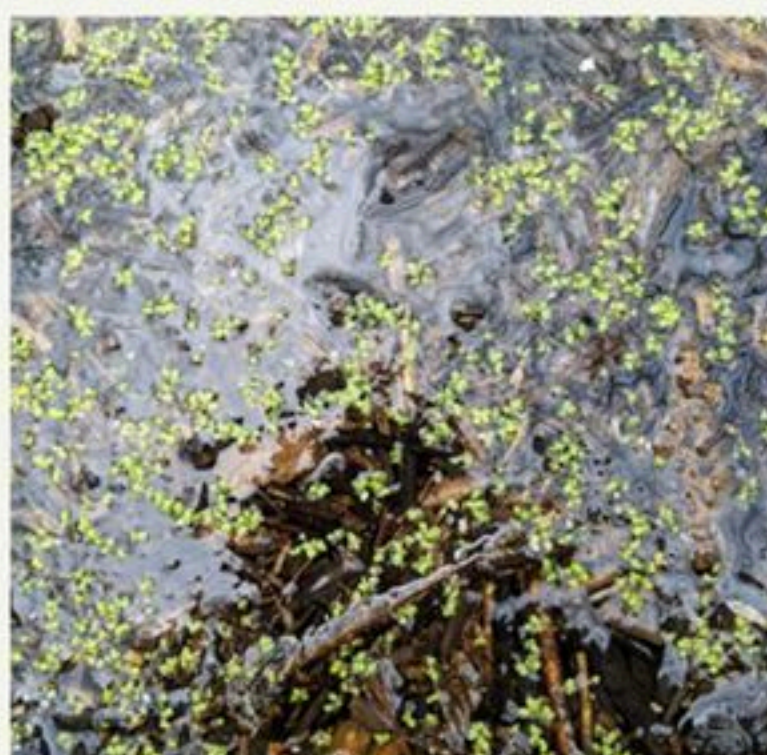

American Beech

Spicebush

Spring Beauty

Common Duckweed

Dutchman's Breeches

*Preserve Etiquette: No pets permitted; stay on marked trails.
Please maintain a safe distance (minimum of 6 feet) from other visitors.*
